New Initiatives

Data Analytics

Centre of Excellence for Data Analytics (CEDA)

NICS has established a State-of-the Art Centre of Excellence for Data Analytics (CEDA) (<http://www.ceda.gov.in>) at its Office in New Delhi. This Centre is in the process of establishing Data Analytics Infrastructure & tools and also building Data Analytics modules and dashboards in coordination with various Central and State Government Departments and Organizations, with a view to facilitate more informed decisions and strengthen e-Service Delivery.

Productization

Product Business Division (PBD)

NICS has achieved yet another milestone by setting up a Product Business Division (PBD) (<http://www.nicsi.com/pbd>) at its Office in New Delhi, with an aim to productize, standardize, promote and market Software Products developed by NIC/NICS at International Level, particularly the countries in South Asian Region having similar legacy and background. The Division has initiated its operations and is strategizing various aspects to promote Indian Software Products in International Market.

Both, Centre of Excellence for Data Analytics and Product Business Division are First-of-its-kind initiatives in Indian context.

National Projects

Data Centre at Laxmi Nagar

NICS has its own Data Centre at Laxmi Nagar. It is providing services to various government Ministries/Departments and their organizations in maintaining their Data.

NICS Development Centre

The NICS Development Centre at Shastri Park, Delhi with around 400 workstations provides services to the users in the projects smoothly and satisfactorily.

National Data Centre

With the objective of protecting data and ensuring effective backup and data recovery, NICS has setup a state-of-the-art Tier III Internet Data Centre at Delhi IT park premises at Shastri Park.

National Knowledge Network (NKN)

NKN project is to establish high speed data communication network which would inter-connect institutions of higher learning and research to enable creation, acquisition and establishing of knowledge resources amongst them.

Enhancement of NIC Cloud Services

Enhancement of NIC cloud services at National Data Centers of NIC at Delhi, Pune and Hyderabad.

Jeevan Pramaan

National Knowledge Network (NKN)
