## Transforming Complex Government Data into Compelling Visuals

### Key highlights

**Darpan** is designed and developed to address wide range of objectives and monitoring the performance & SLA targets of the Ministries, government departments at Central, State & local level, district administration and organizations.

**Darpan** has been designed to encourage healthy competition among the participating departments by ranking them on formula based Key Performance Indicators (KPIs) with respect to the projects of a particular department or organization.

**Darpan** is fully configurable for each and every state. State Administrator of every state has special privilege to decide the look and feel of the portal in his/her respective state.

Acts as a powerful analytical & monitoring tool for departments / organizations

Gleans insights from raw data without writing a single line of code

Provides a single pane visibility into all key project metrics

Provides statistical & visual representation of key performance indicators (KPIs) in the form of graphs, charts or maps and with option to further drill down the data

Generates Scheme-wise and district-wise ranking as per the performance

Displays updated reports on dashboard on-demand

# Dashboard Features

## Benefits

- Availability of graphical and statistical reports for administrative monitoring or informational purposes.
- Facilitates information exchange among the stakeholders at various levels of Administration.
- Regular update of Project Data through Configurable Web APIs.
- Personalized view of Projects at Ministries, State, Division and District Level.
- Projects can be ranked and rearranged to reassign display priorities.

# DARPAN Launch

## Darpan for Shimla

Sh. Jai Ram Thakur, Hon'ble Chief Minister Himachal Pradesh launched the DARPAN-Chief Minister Dashboard, on 3rd April 2018 at Shimla.

## DARPAN for Himachal Pradesh

## DARPAN for Uttar Pradesh

## Testimonials

“

We have implemented DARPAN-CM Dashboard ahead of other States, in Himachal Pradesh and are using it successfully for monitoring of important new initiatives of the Government like Jan Manch, Him Pragati, Rozgar Srijan and CM Announcements

**Shri Jai Ram Thakur**

Hon'ble Chief Minister, Himachal Pradesh

“

Assam DARPAN is an important step taken by the government for open, transparent and accountable governance where details of key programmes and projects are made available to the people. The dashboard helps in measuring the outcome and impact of the schemes for taking appropriate and timely decisions and actions

**Shri Sarbananda Sonowal**

Hon'ble Chief Minister, Assam

## About NIC

National Informatics Centre (NIC) was established in 1976, and has since emerged as a "prime builder" of e-Government / e-Governance applications up to the grassroots level as well as a promoter of digital opportunities for sustainable development. NIC, through its ICT Network, "NICNET", has institutional linkages with all the Ministries /Departments of the Central Government, 36 State Governments/ Union Territories, and about 708 District administrations of India.

NIC has been instrumental in steering e-Government/e - Governance applications in government ministries /departments at the Centre, States, Districts and Blocks, facilitating improvement in government services, wider transparency, promoting decentralized planning and management, resulting in better efficiency and accountability to the people of India.
